To create access to and along the Waikato River with the Te Awa River Ride

Te Awa River Ride Charitable Trust's vision is to Celebrate the Waikato River.

By creating access to, and along the River, Te Awa hopes to foster inspiration, interaction, protection and restoration of our region's greatest natural landmark. Te Awa, the Great New Zealand River Ride, will be a shared cycle/walkway travelling approximately 70km along the shoreline of the Waikato River, from Ngaruawahia in the north to Horahora in the south.

This project is funded by the Waikato River Authority (WRA 11-083)
