A long term wetland and riparian planting project in the upper reaches of the Waipa catchment on the Tunaeke Stream.

This is a five year project (2016-2020) will retire 42.8 ha of land from grazing in the upper reaches of the Waipa Catchment on the Tunaeke Stream. The project will:  
 (1) enhance 11.7 ha of wetlands  
 (2) riparian plant 10.6 ha of land adjacent to the Tunaeke Stream, and  
 (3) riparian plant an additional 20.5 ha of streams that flow into the Tunaeke Stream and into the Waipā River. WRA 15-022.
