

## **Appendix MC7**

### **Updated graphs – stock units per sector**

## Updated graphs – change in stock units per sector

Figure 1: Livestock Units ("Stock Units")

Figure 2: Livestock Units ("Stock Units")  
Percentage Change from 1990-91

1. In Waikato and Waipā combined:

a. Decreases over the period:

- i. Beef cattle stock units (SU) by about 20%;
- ii. Sheep SU by about 60%; and
- iii. Deer SU by over 70%.

b. Increases:

- i. Dairy cattle SU by 33%.

c. Unchanged:

- i. Total SU, which includes goat SU (but there are very few so they are not plotted on the chart).

Figure 3: Livestock Units ("Stock Units")

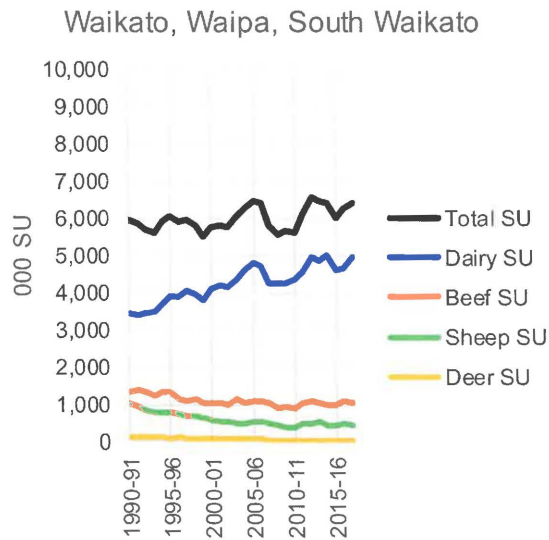

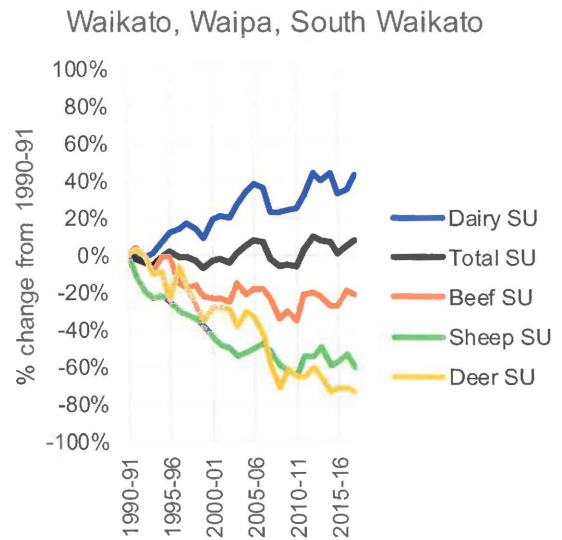

Figure 4: Livestock Units ("Stock Units") Percentage Change from 1990-91

2. In Waikato, Waipā and South Waikato combined:

a. Decreases over the period:

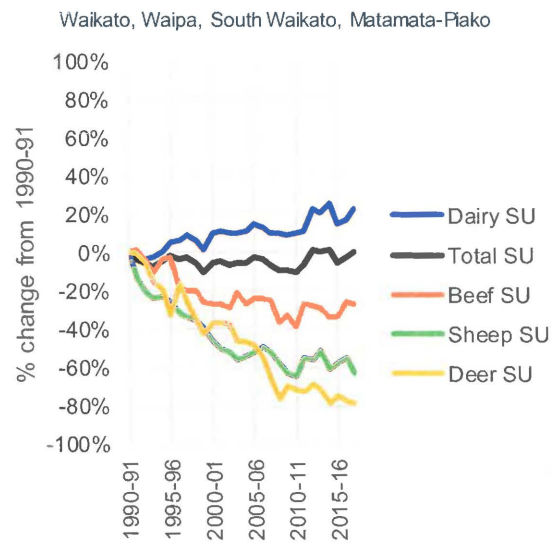

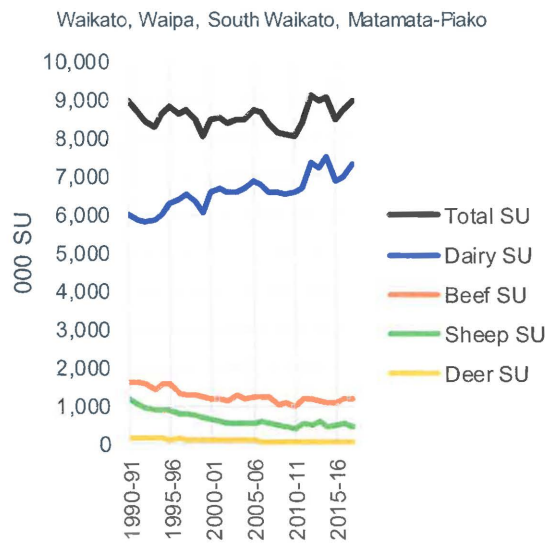

- i. Beef cattle SU by about 20%;
- ii. Sheep SU by about 60%; and
- iii. Deer SU by over 70%.

b. Increases:

- i. Dairy cattle SU by over 40%.
- ii. Total SU, which includes goat SU (but there are very few so they are not plotted on the chart).

Figure 5: Livestock Units ("Stock Units")

Figure 6: Livestock Units ("Stock Units")  
Percentage Change from 1990-91

3. In Waikato, Waipa, South Waikato and Matamata-Piako combined:

a. Decreases over the period:

- i. Beef cattle SU by over 25%;
- ii. Sheep SU by about 60%; and
- iii. Deer SU by about 80%.

b. Increases:

- i. Dairy cattle SU by over 20%.

c. Unchanged

- i. Total SU, which includes goat SU (but there are very few so they are not plotted on the chart).
