In preparing the draft Tairua HCMP we have endeavoured to involve as many landowners, stakeholders, agencies and groups to ensure a range of perspectives are heard and considered. This is your opportunity to let us know if we have missed anything, if we have captured the essence of the wants of the community and to let us know your thoughts on the draft. Your feedback will play an important part in helping Environment Waikato finalise and implement this plan.

All the information you need to complete this feedback form is in the newsletter. If you have any questions or need assistance please call Environment Waikato’s freephone 0800 800 401 and ask for Emily O’Donnell.

Freepost your completed questionnaire to Environment Waikato by **20 December 2010**. Simply fold, seal and post this form, no stamp required.

1. **Are there any other issues you think need to be covered in this plan?**
   - [ ] Yes
   - [ ] No
   If yes, please state __________________________________________________________

2. **Do you agree with the outcomes identified?**
   - [ ] Yes
   - [ ] No

   If no, then please explain why __________________________________________________________

3. **How satisfied are you with the draft plan?**
   - [ ] Very satisfied
   - [ ] Satisfied
   - [ ] Not very satisfied
   - [ ] Not at all satisfied
   - [ ] Don’t know
   - [ ] No comment

   Please give any reasons for your answer __________________________________________________________

4. **Environment Waikato currently has funding available through the Peninsula Project to carry out a lot of the works identified. Some of the works sit with other organisations or outside of the scope of the Peninsula Project. For the most part the works can be carried out under the existing funding scheme over the next 10 years. Do you think that this timeframe is appropriate for successful implementation of this plan?**
   - [ ] Yes
   - [ ] No
   - [ ] Don’t know
   - [ ] No comment

   Please give your reasons for this __________________________________________________________

5. **Recent mangrove and saltwater paspalum expansion in Tairua Harbour has led to concern from this community around loss of other coastal habitat and impact on recreation use and access. This is something Environment Waikato will investigate further. On the basis of what you know at present, would you support the following in Tairua Harbour?**
   a) mangrove management
      - [ ] Yes
      - [ ] No
   b) saltwater paspalum control
      - [ ] Yes
      - [ ] No
