FORM B: USE OF LAND FOR OUTDOOR STORAGE OF TYRES AND ASSOCIATED DISCHARGES

NOTES

- This application form applies to any use of land for the outdoor storage of tyres which
 requires consent under Regulation 14 of the National Environmental Standard for
 Storing Tyres Outside, and any associated discharge of contaminants to land (including
 in circumstances where contaminants may subsequently enter water) and/or water.
- You must fully complete this activity form and supply all the required information.
 Provide as much detail as you can where the questions are relevant to your activity.
 We request that, where possible, you provide electronic copies of any supporting information (for example, on CD). Doing so may reduce administrative costs charged to you.
- You must also supply completed Forms A and C.
- You must pay the required initial deposit when you submit this consent application.
- Failure to provide the required information and payment will delay the processing of your application. If you do not provide adequate information then we will not be able to process your application, and will return it to you. If you do not pay the required fees, we may stop processing your application until payment is received.

FOR OFFICE USE ONLY

Client ID:				
Project:				

If you need any further help, please phone our Resource Use staff on 0800 800 402.

LOCATION

1.	what is the name of the nearest waterbody to the activity? (if the waterway is a drain or an unnamed stream, then what is the name of the stream, river, lake or wetland that it flows into)
2.	If known, please supply relevant map coordinates of the activity or activities, preferably as New Zealand Transverse Mercator 2000 (NZTM2000 references). These locations must also be clearly identified on the location map you have supplied with Form A
TY	PE OF RESOURCE CONSENT SOUGHT
3.	The resource consents sought relate to the following activities (please tick)
	Use of land for the outdoor storage of tyres.
	Previous consent number
	Associated with the outdoor storage of tyres, any discharge of contaminants to land (including in circumstances where contaminants may subsequently enter water) and/or water
	Previous consent number

NATURE OF THE PROPOSAL

Provide an overview of your proposal. This should include a description of what you are proposing, the purpose of the proposal, and expected volumes of tyres.
Describe the location where the tyres are to be stored – surrounding land use, topography, slope, vegetation cover, etc.
Stacking method taking into account air space and exposure to fire.
Setbacks (metres) from property boundaries.
Nature of site surface (sealed/unsealed; if unsealed, what is the permeability?).

DESCRIPTION OF THE EXISTING ENVIRONMENT 9. Depth to groundwater 10. Soil type 11. Drinking water sources within 1 km and Location of any nearby surface water 12. Describe or show on a plan any proposed stormwater discharges from the site and any measures to control stormwater (eg bunding) 13. Evidence of stormwater quality (if applicable).

14. Building of Site to prevent clean stormwater flowing on the storage area
15. Potential for surface water ponding
16. Leaching potential, ie how much metal is exposed, more steel exposed means more Mn and Fe can be leach
17. Proposed end use of tyres and duration of storage
18. Fire risk assessment
19. Consent duration requested

ASSESSMENT OF EFFECTS ON THE ENVIRONMENT INCLUDING MITIGATIONS

	ed the risks or actual/potential effects of your activity and the mitigations proposed to avoi e risks/effects:
Risk of fire	
Water quality o	of nearby streams or other water bodies
Water quality o	of underlying groundwater
Jnderlying soi	ls
Ecosystems

CONSULTATION

Identify and consult with any parties that may be potentially affected by or interested in your activity. This generally involves your immediate neighbours. It may also include local authorities, iwi and interest groups such as local recreational and care groups. If you are in doubt about who you should be talking to, then call Waikato Regional Council staff.

Make sure you provide everyone with sufficient information so that they can fully understand what it is you want to do and how they may be affected by it. This could include a copy of this application form once it is completed and/or any plans or maps. Make sure you make yourself available to explain the application, answer any questions and discuss options for resolving any concerns.

23. Identify the parties that may be affected by or interested in your activity and consent application
